Abstract

In this research manuscript, the author has detailed a Scheme of '*Knowing The Infinitely Deeper Meaning*' of any '*Consciousness Information*'. Furthermore, the author highlights and envisages the significance of this scheme in constructing a '*Universal Infinite Logic Distiller*'.

Theory

Firstly, we consider any '*Consciousness Information*' of concern and evaluate its *Primality* {see author's work on *Primality Engineering* and also '"*Representation Of Alphabets By Prime Numbers' Primality Engineering −I*" [40]}. We also note the *Various Orders* of *Sequence(s) of Primes* to which the *Primes* of the thusly evaluated *Primality* belong to, given that we slate the aforementioned *Primality* in a *Composite Hyper-Primality Basis* that involves the use of *Sequence Of Primes* of *All Possible Orders Available* to us and also characteristic of any '*Holistic Galaxy*' (see author's work on '*Galaxy*') of concern. By a '*Holistic Galaxy*', we mean that type of *Galaxy* which has the *Largest Number Of Primes* and also with the *Densest Distribution Spanning All Possible Orders* of *Sequence(s) of Primes* available to us.

We now consider the *Universal Hyper-Primality Basis Vector Set* @ in which our '*Consciousness Information*' of concern is *Slated* and consider its *Evolution* {see author's '*Theory Of Evolution Based On Consecutive Asymmetric Imaging Technique*' [39], '*Evolution Through Quantization (Version III)*' [30], '*Universal Recursive Tessellation Based Scheme To Derive The Evolution Scheme Of Any Aspect Set Of Concern* {*Evolution Through Quantization (Version Two)*} [28], '*Recursive Consecutive Element Differential Of Prime Sequence (And/ Or Prime Sequences In Higher Order Spaces) Based Instantaneous Cumulative Imaging Of Any Set Of Concern*' [8], '*Universal One Step Natural Evolution And/ Or Growth Scheme Of Any Set Of Concern And Consequential Evolution Quantization Based Recursion Scheme Characteristically Representing Such Aforementioned Evolution And/ Or Growth*' [4] and also author's *Holistic Treatise* on '*Theory Of Evolution*'} for an *Arbitrary Number* of *Cycles*.

@ {a *Vector* – that is, it is basically a vector made up of all the *Bases* of the *Prime Metric* of all (i.e., all the *Orders* to which the *Hyper-Primality Elements* of the above evaluated *Hyper-Primality* of the '*Consciousness Information*' of the aspect of concern belong to) the *Orders* of *Sequences Of Primes*}

We now consider construction of *Infinity Geodesic* of the '*Consciousness Information*' of concern and can consider observing the '*Consciousness Information*' of concern in the *Basis* of the *Complementary Arm* of the *Infinity Geodesics* of the '*Consciousness Information*' of concern after *Every Cycle* of *Evolution* considered above.

At a *Higher Level*, we can even consider construction of *Infinity Geodesic* of the *Complementary Arm* of the *Infinity Geodesics* of the '*Consciousness Information*' of concern and perform the same above analysis *Infintely* to exhaustion.

Also, one can use author's {'*Complete Recursive Subsets Of Any Set Of Concern And/ Or Orthogonal Universes In Parallel Of Any Set Of Concern In Completeness (Version II)*' [7], } find the *Complete Recursive Sub-Sets* {inclusive of those in *Orthogonal (Lateral) Spaces*} of the *Primality* of the '*Consciousness Information*' of concern to *Exhaustion*, i.e., until we cannot find any more of such aforementioned *Sub-Sets*.

However, one *Should First Ascertain* the *Genuinity* of *Ascription* of any '*Consciousness Information*' of concern to its '*Native Father*' using author's '*Truth Assessment Of Any Consciousness Information*' [38] and also '*Genuinity Validation Of Any 'Original Work Consciousness Of Concern' And De-corrupting 'Corrupted Original Work Consciousness*' [20] (also see author's *Refined Version* of [20], and author apologizes in advance for some possible inadequacies in [20]).

One can also perform similar above detailed analysis by considering *Possible One Step Devolutions* to *Exhaustion*. Also, one can analogously find the '*Pysche Consciousness*' of any '*Life Entity*' when we consider its '*Quantum Signature*' as '*Consciousness Information*' of concern.

Insights Regarding The Construction of the Universal Infinite Logic Distiller

{see author's *Treatise* on the same}

Moral

Love Never Lies.

Tribute

The author pays his sincere tribute to all those dedicated and sincere folk of academia, industry and elsewhere who have sacrificed a lot of their structured leisure time and have painstakingly authored treatises on Science, Engineering, Mathematics, Art and Philosophy covering all the developments from time immemorial until then, in their supreme works. It is standing on such treasure of foundation of knowledge, aided with an iota of personal god-gifted creativity that the author bases his foray of wild excursions into the understanding of natural phenomenon and forms new premises and scientifically surmises plausible laws. The author strongly reiterates his sense of gratitude and infinite indebtedness to all

such '<u>**Philosophical Statesmen**</u>' that are evergreen personal librarians of Science, Art, Mathematics and Philosophy.

Title, authors and abstract should also be included in the PdF file. These should be in English. If the submission is not in English please translate the title and abstract here.

* Title of Paper
Knowing The Infinitely Deeper Meaning. The Universal Infinite Logic Distiller-I

Authors should be listed with separating commas if there is more than one. For each put first name(s) or initials first followed by the family name. Do not use all capitals and do not include titles or letters such as Dr. or PhD.

* Author(s)
Ramesh Chandra Bagadi

You can include basic HTML is the abstract for formatting if necessary. (e.g. subscripts, italics, line breaks and special characters) Please do not use links, images, bold, font changes or character sizes or colours.

* Abstract
In this research manuscript, the author has detailed a Scheme of 'Knowing The Infinitely Deeper Meaning' of any 'Consciousness Information'. Furthermore, the author highlights and envisages the significance of this scheme in constructing a 'Universal Infinite Logic Distiller'.

* Number of pages
12

The comment should be limited to short technical details about the submission such as the number of pages, language if not English, any journal or conference reference and a specific copyright license if desired. Do not add a description of the work that is more suitable for the abstract. If the comment is left blank the number of pages will be used. *The comment will appear on the abstract page and listings.*
