Abstract

In this research manuscript, the author has incisively penetrated his mental faculties for appropriating the ‘*First Meaning(s) Of The English Alphabet(s)*’.

Theory

In this research manuscript, the author has incisively penetrated his mental faculties for appropriating the ‘*First Meaning(s) Of The English Alphabet(s)*’. By *First Meaning*, we mean the *Meaning* of the *Alphabet* which has the *Highest Recursive Strength Index* compared to other frequently used *Meanings* for the *Alphabet* of concern. *Recursive Strength Index* of any *Alphabet* and/ or *Word* and/ or *Sentence* and/ or *Paragraph* and/ or *Essay* can be *Practically Quantified* as the *Propensity* of the *Recursive Strength* of the *Primality* of the *Meaning* of the *Alphabet Meaning* to *Evolve* under *Local Recursional Field Intensity Strength Function Characteristic* of any *Point* in *Space-Time*. *Local Recursional Field Intensity Strength Function Characteristic* of any *Point* in *Space-Time* is a *Local Type Of Restriction* on the *Directedness* of our *Standard Evolution Type(s)* (detailed in the *References* below), which can be *Computed* by using *Appropriate Experimental Data* {of *Cosmic Elasto-Dynamic Nature* of the *Local Space-Time* therein that *Governs* the *Direction* and *Acceleration Function* of the *Electron* and/ or *Consciousness-Ton* (see author’s work on *Consciousness-Ton*) under the *Action* of *Orthogonal Electrical and Magnetic Fields*. Also, the aforementioned *Restriction* can be also considered as the *Permittivity* of *Free Space* (of *Native* kind in the *Original Native Order* of *Dimensions* of *Space-Time*, and not the *Hyper-States* of *Permittivity* in the *Hyper-Spaces* at a given *Point* in *Space-Time*)’s *Evolution Function* for the *Electron* and/ or *Consciousness-Ton* and/ or *Causality Speed Function*} pertaining to it.

Alternately, it can be simply *Computed Mathematically* by *Constructing* the *Infinity Geodesic* of the *Primality* of the *Alphabet Meaning* of concern and *Noting* the *Order(s)* of *Recursive Embedding* for every *Infinity Geodesic* of the *Infinity Geodesic* of the *Primality* of the *Alphabet Meaning* of concern, and so on, so forth, *Infinitely*. The *Order* of *Recursive Embedding* can again be found using author’s concept of *Expressing Any Aspect Primality Set In Terms Of A Perfect Hyper-*

Sphere Manifold Of A Certain Order and/ or Expressing Any Aspect Primality Set In Terms Of A Union Of Possibly Varying Sized Segments Perfect Hyper-Sphere Manifolds Of Varying Orders. Once we find the aforementioned Infinite (and/ or up to any Least Count of Computation) Set of Order(s) of Recursive Embedding we apply the author's Linearization Function For Dimensions {The Universal Comparator} for Scale Normalizing the Presence and/ or Permeation of the Entire Aspect Primality of concern Along One Most Fundamental Dimension of concern.

Alternately, one can use author's "Pi", i.e., π i.e., $\pi(2)$ Value And/ Or Its Higher Order Equivalents i.e., $\pi(N)$ Precision Increase Based Refinement Of Any Primality And/ Or Any Recursion Scheme Of Any Aspect Of Concern' and can Find a Precision Value for the aforementioned Infinite (and/ or up to any Least Count of Computation) Set of Order(s) of Recursive Embedding for every Infinity Geodesic of the Infinity Geodesic of the Primality of the Alphabet Meaning of concern, and so on, so forth, Infinitely.

And in the Decreasing Order of the aforementioned Precision Value one can Grade the Alphabet Meanings among the Pool of Most Frequently Words as Meaning(s) for the Alphabet of concern.

The author now presents the First Meanings of All English Alphabets, listed in Decreasing Order of their Precision Value(s) for each Alphabet.

Law Of Communication Grammar Evolution Causality

One should note that the Universe follows a Top-Down approach with regards its Prime Metric of Gauging and Constantly Ever-Evolving the Manifestations in it. That is, the Universe Creates and/ or Evolves Communication Grammar in the Complementary Metric of Causality of Recursion Scheme of Action Along the Time Recursion Scheme, because the Universe's Manifestations are simply the Mirror Image(s) of our Action(s) unto it.

The author would like to express his deepest gratitude to all the members of his loving family, respectable teachers, en-dear-able friends, inspiring Social Figures, highly esteemed Professors, reverence deserving Deities that have deeply contributed in the formation of the necessary scientific temperament and the social and personal outlook of the author that has resulted in the conception, preparation and authoring of this research manuscript document.

Tribute

The author pays his sincere tribute to all those dedicated and sincere folk of academia, industry and elsewhere who have sacrificed a lot of their structured leisure time and have painstakingly authored treatises on Science, Engineering, Mathematics, Art and Philosophy covering all the developments from time immemorial until then, in their supreme works. It is standing on such treasure of foundation of knowledge, aided with an iota of personal god-gifted creativity that the author bases his foray of wild excursions into the understanding of natural phenomenon and forms new premises and scientifically surmises plausible laws. The author strongly reiterates his sense of gratitude and infinite indebtedness to all such 'Philosophical Statesmen' that are evergreen personal librarians of Science, Art, Mathematics and Philosophy.
