## Abstract

In this research manuscript, the author has detailed three Schemes of ‘*Theory Of Quantum Coupling*’, ‘*Theory Of Quantum Lensing*’, ‘*Theory Of Quantum Lens Invasion*’.

## Theory

### *Quantum Coupling - Schema 1* *Theory Of Duals – An Example Of Quantum Coupling*

{from author’s ‘*Maximizing Relativistic Electro-Magnetic Fringe Displacement Effect Width*’[41]}

When we consider any *Aspect* of concern, we should note that from the ‘*Universal Law Of The Universe*’ which states that *Any Aspect* of and/ or in the *Universe is Recursive in nature*. That is, it is *Expressable* in terms of *Itself* and its *Complement* (i.e., the *Contrary Nature Aspect* of the given *Aspect* of concern). We should therefore note that *Any Ascription* of *Any Property* of concern to the *Original Aspect* of concern is also applicable to the considered *Aspect’s Complement Aspect* by way of the *Universality of Recursive Nature* of any *Aspect* of concern. One should note that such *Ascription* of any property to the *Complement Aspect* is only of *Very Minute Nature*, due to far off (deeply *Shelled in*) *Recursive Dependance*. One can compute the *Order (Logarithmic)* of such *Dependance* using author’s concept of *Infinity Geodesic of the Aspect* of concern. Therefore, one can *Fuel* in the *Transport* of such aforementioned *Dependance* onto the *Complement Aspect* in the following two ways:

1. By *Increasing the Intensity and Magnitude* of the *Ascribed Property* on the *Aspect Side* of the *Arm* of the *Infinity Geodesic of the Aspect* of concern, i.e., in the *Aspect Itself* for *Observing the Desired Level (Magnitude)* and/ or *Intensity* of the *Desired Ascribed Property* in the *Complement* of the *Aspect* of concern.
2. Noting the ‘*Geodesical Drive Direction Signatures*’ using author’s ‘*Living*

From [31]

*Notion Of Infinity*

For every *Perception*, one should note that the *Finiteness* nature of the aspect perceived imposes a *Critical Cut-Off Value On The Frequency* of the *Reflected Photons* beyond which they change their *Geodesical Drive Direction*

*Signature.* That is, when this aspect is near, the photons reflected off of it have a certain *Sign of Geodesical Drive Direction* and when this aspect is beyond this *Cut-off Distance* characteristic of the aforementioned cut-off frequency, the photons reflected off of it have an *Opposite* sign of *Geodesical Drive Direction*. In such case one can safely call the latter case wherein the aspect has a contrary sign of *Geodesical Drive Direction* as equivalent to that of *The Far Off Aspect Being Also Simultaneously Sub-Set(ted)* in the *Local Reference Frame Of Perception*. Basically, the aspect of importance to note is, that the *Perception* of all aspects *Permeating* and/ or *Existing* at a *Native Existence Potential* characteristic of the *Quantization Number Of The Permittivity Of Free Space For A Photon* has a given *Sign Of Geodesical Drive Direction* (see author's works on *Native Existential Potential Of Any Aspect Of Concern*).

*A Happy Life {Version 4} [31]*, on the *Aspect Side* of the *Arm* of the *Infinity Geodesic of the Aspect* of concern and also the *Complement Aspect Side* of the *Arm* of the *Infinity Geodesic of the Aspect* of concern, one can *Simply* express the *Excess Differential* of the to be *Ascribed Limit Of the Ascribed Property* as called for by the details in {1 of '*Maximizing Relativistic Electro-Magnetic Fringe Displacement Effect Width*' [41]} mentioned above in the *Basis* of the *Geodesical Drive Direction Signature* of the *Complement Aspect Side* of the *Arm* of the *Infinity Geodesic of the Aspect* of concern, ne can *Reduce* the *Complexities* of *Time*, *Energy*, *Complications* involved in rote exercising of {1 of '*Maximizing Relativistic Electro-Magnetic Fringe Displacement Effect Width*'[41]} detailed above.

Therefore, we can note that using the above *Scheme*, we successfully *Couple Any Property* of concern of a given *Aspect* of concern to *Any Other Property* of concern by *Diversifying* the *Set* and/ or *Definition Of Complement* and/ or *Contrary Nature* to *Any Other Aspect* (other than the given) by establishing a *Intersection(s) Based Continuous Bridge Between the Primalities* of *Any Two Different Aspects* of concern. Also, one can even *Axiomatically Argue* that since any *Aspect* is *Recursive* in nature, one can *Establish* such aforementioned *Recursive Relation* between *Any Two Different Aspects* of concern.

For *Example*, if we wish to *Quantum Couple* an *Apple* and an *Orange*, the *Apple* can be considered as *Made up* of an *Orange* and *Itself*, wherein the '*Complement of the Aspect*' of concern' {i.e., *Complement of Apple*} can be conveniently taken to be the *Totally Different Aspect* of concern {here, an *Orange*} with which we wish to establish *Coupling of Quantum Nature*.

One can establish *Quantum Coupling* between two *Different Aspects* of concern, here, the *Two (Conductivity-Wise, of Gross Matter, here the Conductor) Closely Separated Points* in the *Electric Circuit* of concern which will help us advantageously use the thusly *Engineered Geodesic Of The Wave Function Of The Wave Guide (Potential)* in *Scale-Transporting (Normalized Averaged* with respect to *Parameters* of concern) the *Desired Property* of concern across *Two*

## *Different Aspects.*

### *Quantum Coupling – Schema 2*

One can note that as *Any and Every Aspect* has its *Characteristic Native Existence Potential(s)* and *Frequencies of the Same Spectrum* {which can again be *Expressed* in terms of a *Single Fundamental Dimension Potential* using author's '*Universal Comparator*'}, one can *Find* the same by using author's '*Universal Electro-Magneto-Gravitic-Optical Lens Based Infinite Frequency Tunneler*' {see author's work on the *Same*}.

We now find the *Same* for *Any Other Aspect* of concern, i.e., the *One* with which wish to *Establish Quantum Coupling* of the *Originally* considered *First Aspect*. We now use *Author's Accurate Definition of Energy* {see author's work on '*Accurate Definition of Energy*' for *Derivation*}, i.e., *Hyper Energy*, i.e., 
$$E = \bar{F} \cdot \frac{d^{N(+\alpha)}\bar{x}}{dt^{N(+\alpha)}}$$
 where  $N$  is an *Integer*,  $\alpha$  is a *Constant* such that  $0 < \alpha < 1$ ,  $\bar{F}$  is *Force Vector*, and  $\bar{x}$  is *Displacement Vector*. {also see author's '*Fractional Calculus*' [10]}. For *Loss-Less Transfer of Energy*, the *Two Aspects Exchanging Energies* must be *Synchronized Phase Wise*, i.e., *Frequencies SpectrumWise*.

Therefore, we now use author's '*A Condition For The Suspension Of Gravitational Field*' [11] to *Find* the *Frequencies Spectrum* of *Ambient Space* and its *Native Existential State Potential(s) Spectrum*. We now use *Asymmetric Quantum Coupling Scheme* using author's *Quantum Averaging Scheme* {see author's '*Universal Light Type Holistic Reference Frames For Characterizing Universal Electro-Magnetic Phenomena*' [42] for *Definition on Quantum Averaging*} to bring the *Characteristic Native Existential Frequencies Spectrum(s)* of the *Two Aspects* we wish to *Quantum Couple Together* to *Converge* to the *Value(s)* of the *Frequencies Spectrum* of *Ambient Space*, whence the *two Aspects* are *Quantum Coupled*.

### *Quantum Lensing Schema*

One can note that *Quantum Lensing* is *Simply Elevating* and/ or *Relegating* the

*Existence Potentials Spectrum and Frequencies of Existence Spectrum of an Aspect of concern from its Native Stateto a State Differing from it's Native Existence Potentials Spectrum and Frequencies of Existence Spectrum State which has a Component of Frequencies and Phasing Commensurate with the Natural Recursion Scheme of Time. Therefore Quantum Lensing is a Scheme wherein Existence is Made to Span in Any One of the All Possible Sub-Sets {found using author's 'Complete Recursive Subsets Of Any Set Of Concern And/ Or Orthogonal Universes In Parallel Of Any Set Of Concern In Completeness (Version II)' [7]} of Recursion Scheme of Time, inclusive of all its Orthogonal {Lateral} Spaces, found to Exhaustion. Such Quantum Lensing can be achieved by way of Appropriately Reverse Engineered Asymmetric Quantum Coupling in Any One of the All Possible Sub-Sets {found using author's 'Complete Recursive Subsets Of Any Set Of Concern And/ Or Orthogonal Universes In Parallel Of Any Set Of Concern In Completeness (Version II)' [7]} of Recursion Scheme of Time, inclusive of all its Orthogonal {Lateral} Spaces, found to Exhaustion.*

### *Quantum Lens Invasion Schema*

*Firstly, we find the Recursion Schemes of Quantum Coupling, Quantum Lensing using author's {see author's 'Evaluating The Recursion Scheme Of Any Aspect of Concern'}. We now Compute the Variants of these thusly Found Recursion Schemes, wherein the Frequencies Spectrum Parameter Variable is in a Normalized State. We now Find the Infinity Geodesics of the thusly Found Recursion Schemes, Normalized with respect to the Frequencies Spectrum Parameter Variable. Therefore, we can Now easily find the Frequencies Spectrum(s) of the Complementary Aspect(s) in The Complementary Arm(s) of the Infinity Geodesic of the thusly Found Recursion Schemes, Normalized with respect to the Frequencies Spectrum Parameter Variable. Now, using these Frequencies Spectrum(s) and the Algebra of the Wave Function of the Infinity Geodesics of the thusly Found Recursion Schemes, Normalized with respect to the Frequencies Spectrum Parameter Variable, we can Find the Frequencies Spectrum of the Aspect of Concern under investigation. Finally ascribing Increase of the Magnitude(s) to the Frequencies Spectrum Parameter Variable to a State that we Match the Frequencies of Existence Spectrum of the Aspect of concern that is Quantum Lensed.*

## Conclusion

One can note that the above *Technologies* can be used in many *Facets* of *Engineering, Science and Technology, Universally.*

## Moral

*Love Knows. Love Knows No Boundaries.*

***Acknowledgements***

*The author would like to express his deepest gratitude to all the members of his loving family, respectable teachers, en-dear-able friends, inspiring Social Figures, highly*

*esteemed Professors, reverence deserving Deities that have deeply contributed in the formation of the necessary scientific temperament and the social and personal outlook of the author that has resulted in the conception, preparation and authoring of this research manuscript document.*

### **Tribute**

*The author pays his sincere tribute to all those dedicated and sincere folk of academia, industry and elsewhere who have sacrificed a lot of their structured leisure time and have painstakingly authored treatises on Science, Engineering, Mathematics, Art and Philosophy covering all the developments from time immemorial until then, in their supreme works. It is standing on such treasure of foundation of knowledge, aided with an iota of personal god-gifted creativity that the author bases his foray of wild excursions into the understanding of natural phenomenon and forms new premises and scientifically surmises plausible laws. The author strongly reiterates his sense of gratitude and infinite indebtedness to all such 'Philosophical Statesmen' that are evergreen personal librarians of Science, Art, Mathematics and Philosophy.*
