Stable Configuration Engineering Of Any Aspect Primality Of Concern

One can note that one can Arrange the Elements of a given Primality Set, in Any L^{th} Dimensional Space along the Prime Metric Bases of Each Of the L^{th} Dimensional Space Axis using author's '*Universal Real Order Primes Metric Based Algebra*'. Arranging here, implies that we find the *Set Of Prime Metric*

NOTICE OF IMPORTANCE

The author reiterates that the following research manuscript is authored solely by the author **Ramesh Chandra Bagadi**, i.e., the Sole Consciousness of himself in Primaryness and all else in appropriate Polynaryness called for by the Causality Flow of Time considered in Universality. One can note that All Causal Constructs (either in Evolved Or Devolved Forms of the research concepts stated by the author herein) of this author's Original ResearchWork shall only be considered by the author in Secondaryness Or/ And Polynaryness, only following the author as the necessary and socially advantageous and useful Retinue. The aforementioned Causal Constructs imply to the case of Time Tense Flow in either Directions, i.e., Present to the Past and also Past (Or/ And Present) to the Future.

Bases Location Labels between each of the Prime Metric Basis Elements
Position Number along each of the Axis of the L^{th} Dimensional Space and the
 $(N_j + \alpha_j)$ Real Order Sequence Of Primes Elements Belonging to the Set Of
the given Aspect Primality Tree.

We can note that any Number (i.e., any Element of a given Aspect Primality
Set S) as $S(j) = {}^{(N_j + \alpha_j)}p_l = {}^{N_j}p_l + \delta_l$ such that $\alpha_j = \frac{(S(j) - {}^{N_j}p_l)}{({}^{N_j}p_{l+1} - {}^{N_j}p_l)}$ This

was gotten from authors [1]. However, using authors [2], we can get a better
approximation.

Therefore, we can write,

${}^{(N_j + \alpha_j)}p_l = {}^{(N_k + \alpha_k)}p_k$ using author's 'Universal Real Order Primes Metric
Based Algebra', wherein $(N_k + \alpha_k)$ and k are Labels corresponding to
 $(N_j + \alpha_j)$ and l respectively.

Also, one can Note that the L^{th} Dimensional Space (Axis Prime Metric Bases),
is a One Step Orthogonal Overgrowth (by way of applying author's One-Step
Evolution concept), (Cumulative And Inclusive of the L^{th} Dimensional Space
itself) of the $(L - 1)^{th}$ Dimension Space (Axis Prime Metric Bases), Primality.

NOTICE OF IMPORTANCE

The author reiterates that the following research manuscript is authored solely by the author **Ramesh Chandra Bagadi**, i.e., the Sole
Consciousness of himself in Primaryness and all else in appropriate Polynaryness called for by the Causality Flow of Time considered in
Universality. One can note that All Causal Constructs (either in Evolved Or Devolved Forms of the research concepts stated by the author
herein) of this author's Original ResearchWork shall only be considered by the author in Secondaryness Or/ And Polynaryness, only
following the author as the necessary and socially advantageous and useful Retinue. The aforementioned Causal Constructs imply to the
case of Time Tense Flow in either Directions, i.e., Present to the Past and also Past (Or/ And Present) to the Future.

Example

For Our Standard Space-Time,

<i>Axis</i>	<i>1st Prime Metric Basis Element</i>	<i>2nd Prime Metric Basis Element</i>	<i>3rd Prime Metric Basis Element</i>	<i>4th Prime Metric Basis Element</i>	<i>5th Prime Metric Basis Element</i>
x_1	0	1	2	3	4
x_2	0	1	2	3	5
x_3	0	6	10	14	15
x_4	0	30	42	66	70
.
.

Optimizing Primality

One can note that any Aspect Primality is Optimally Slated when it is Slated in **Stable Configuration**. That is, it is 'True Redundancy' free. Therefore, by slating it in the Stable Configuration, one can *Fill In Any Blanks Of Discreteness* along the corresponding Prime Metric Bases of ${}^{(N_k + \alpha_k)}p$ to Holisticness of k .

NOTICE OF IMPORTANCE

The author reiterates that the following research manuscript is authored solely by the author **Ramesh Chandra Bagadi**, i.e., the Sole Consciousness of himself in Primaryness and all else in appropriate Polynaryness called for by the Causality Flow of Time considered in Universality. One can note that All Causal Constructs (either in Evolved Or Devolved Forms of the research concepts stated by the author herein) of this author's Original ResearchWork shall only be considered by the author in Secondaryness Or/ And Polynaryness, only following the author as the necessary and socially advantageous and useful Retinue. The aforementioned Causal Constructs imply to the case of Time Tense Flow in either Directions, i.e., Present to the Past and also Past (Or/ And Present) to the Future.

Convergent Topology, Stable Configuration And Functional Unitarity (Congruence, Similarity)

One can note that Any Two Given Different Sets representatively performing the Same Set Of Functions, when they are Slated in *Stable Configuration*, their Topologies are Convergent.

One can note that when the given Aspect Primality of concern is Slated in Stable Configuration at the Maximal Order Dimension Of Space Needed, the Aspect Primality's Total Norm calculated along all the Orders Of Space Dimensions should be a Minimum Possible Value. Furthermore, the Maximal Order Dimension of Space can be Calculated by firstly noting every Element of the Aspect Primality Element Set Value, i.e., ${}^{N_i}S_{j_i}$, for all j_i ordered by the Aspect Primality of concern, and that each of them can be Slated Optimally (by Inspection) as belonging to ${}^{X_i}D_{k_i}$ where ${}^{X_i}D_{k_i}$ indicates that ${}^{N_i}S_{j_i}$ is k_i^{th} Prime Metric Element of X_i^{th} Order Of Dimension Of Space. Or rather, the Element ${}^{(N_i+\alpha_i)}S_{j_i}$ as belonging to ${}^{(X_i+\beta_i)}D_{k_i}$ where ${}^{(X_i+\beta_i)}D_{k_i}$ indicates that ${}^{(N_i+\alpha_i)}S_{j_i}$ is k_i^{th} Prime Metric Element of $(X_i + \beta_i)^{\text{th}}$ Order Of Dimension Of Space. Furthermore, one can note from authors Basis Change Theorem [2] that we can re-write the Fractional Order Of Universal Sequence Of Primes Elements and also the Order Of Dimension Of Space Elements as Functions of Integral Order of the same.

Also, one can note that because of the Influence of the Star or Galaxy or Universe or just the Interstitial Galactic Space wherein the Aspect (Primality Slated in Stable Spatial Configuration) is Permeating in, it is always under Pressure to Evolve due to the aforementioned Influence of the Star or Galaxy

NOTICE OF IMPORTANCE

The author reiterates that the following research manuscript is authored solely by the author *Ramesh Chandra Bagadi*, i.e., the Sole Consciousness of himself in Primariness and all else in appropriate Polynariness called for by the Causality Flow of Time considered in Universality. One can note that All Causal Constructs (either in Evolved Or Devolved Forms of the research concepts stated by the author herein) of this author's Original ResearchWork shall only be considered by the author in Secondaryness Or/ And Polynariness, only following the author as the necessary and socially advantageous and useful Retinue. The aforementioned Causal Constructs imply to the case of Time Tense Flow in either Directions, i.e., Present to the Past and also Past (Or/ And Present) to the Future.

or Universe or just the Interstitial Galactic Space's Universal Recursion Scheme of Universal Recursion Gradient Intensity Field of the Star or Galaxy or Universe or just the Interstitial Galactic Space of concern and can Slate it in the Basis of Stable Spatial Configuration. Once, we do this, we can now Slate the Aspect Primality in Stable Spatial Configuration taking care of this Dynamic Aspect of concern, such that we know how its Stable Spatial Configuration is Changing, i.e., the Change Function. One can even use the Star or Galaxy or Universe or just the Interstitial Galactic Space's Universal Recursion Gradient Intensity Field Limit Bounds for considering this aforementioned Pressure Effect in Totality.

Another Constraint For The Maximal Order Dimension Of Space Needed For Any Aspect Primality Of Concern When Slated In Stable Spatial Configuration.

At Stable Spatial Configuration:

One can note that one can Normalize Any given Aspect Primality $S = \left\{ N_i p_{ij} \right\}_{\text{for all } i, j}$ where $\left\{ N_i p_{ij} \right\}_{\text{for all } j, \text{ and a given } i}$ denotes the i^{th} Primality Tree Branch whose Elements belong to the Universal Sequence Of Primes Of Real Positive Integer Order N_i and $N_i p_{ij}$ denotes that it is a j^{th} Position Numbered Prime Metric Basis Element of the Universal Sequence Of Primes Of Real Positive Integer Order N_i . Now, it is not necessary that the given Aspect Primality must have its N_i to be a Real Positive Integer, but using author's *Prime Metric Basis Change Theorem*, [2], one can render it to be so. Now, one can Normalize any given Aspect Primality of concern in the following two ways.

NOTICE OF IMPORTANCE

The author reiterates that the following research manuscript is authored solely by the author **Ramesh Chandra Bagadi**, i.e., the Sole Consciousness of himself in Primaryness and all else in appropriate Polynaryness called for by the Causality Flow of Time considered in Universality. One can note that All Causal Constructs (either in Evolved Or Devolved Forms of the research concepts stated by the author herein) of this author's Original ResearchWork shall only be considered by the author in Secondaryness Or/ And Polynaryness, only following the author as the necessary and socially advantageous and useful Retinue. The aforementioned Causal Constructs imply to the case of Time Tense Flow in either Directions, i.e., Present to the Past and also Past (Or/ And Present) to the Future.

1. Primality Tree Branch Wise:

Here, we consider each Primality Tree Branch, i.e., $\{^{N_i} p_{ij}\}$ for all j , and a given i to Normalize the Elements of this Primality Tree Branch, we perform the Operation,

$$^{N_i} \hat{p}_{ij} = \frac{^{N_i} p_{ij}}{\text{Maximum}\left(\{^{N_i} p_{ij}\}_{\text{for all } j, \text{ and a given } i}\right)}$$

where $\text{Maximum}\left(\{^{N_i} p_{ij}\}_{\text{for all } j, \text{ and a given } i}\right)$ is the Maximal Element of the Set $\{^{N_i} p_{ij}\}_{\text{for all } j, \text{ and a given } i}$.

Alternately we can use,

$$\text{Norm}\left(^{N_i} \hat{p}_{ij}\right) = \frac{\text{Norm}\left(^{N_i} p_{ij}\right)}{\text{Norm}\left(\text{Maximum}\left(\{^{N_i} p_{ij}\}_{\text{for all } j, \text{ and a given } i}\right)\right)} \text{ using}$$

authors [2].

2. Whole Primality Tree Wise:

Here, firstly we Slate Every Element of the given Aspect Primality Tree $S = \{^{N_i} p_{ij}\}_{\text{for all } i, j}$ in One Same (note that we can do so using author's

Prime Metric Basis Change Theorem, [2]) Prime Metric Basis, (i.e., the Real Order $N_{i=r}$ whence, the

$\text{Norm}(S) = \text{Norm}\left(\{^{N_r} p_{rj}\}_{\text{for all } j \text{ and optimal } r}\right)$ is Minimum, with

$N_r \in \{N_i\}$. Now, we can use the same Definition as detailed in 1., for Computing the Normalized State of the given Aspect Primality.

NOTICE OF IMPORTANCE

The author reiterates that the following research manuscript is authored solely by the author **Ramesh Chandra Bagadi**, i.e., the Sole Consciousness of himself in Primaryness and all else in appropriate Polynaryness called for by the Causality Flow of Time considered in Universality. One can note that All Causal Constructs (either in Evolved Or Devolved Forms of the research concepts stated by the author herein) of this author's Original ResearchWork shall only be considered by the author in Secondaryness Or/ And Polynaryness, only following the author as the necessary and socially advantageous and useful Retinue. The aforementioned Causal Constructs imply to the case of Time Tense Flow in either Directions, i.e., Present to the Past and also Past (Or/ And Present) to the Future.

Acknowledgements

The author would like to express his deepest gratitude to all the members of his Loving Family, Respectable Teachers, En-Dear-Able Friends, Inspiring Social Figures, Highly Esteemed Professors, Reverence Deserving Deities that have deeply contributed in the formation of the necessary scientific temperament and the social and personal outlook of the author that has resulted in the conception, preparation and authoring of this research manuscript document.

Tribute

The author pays his sincere tribute to all those dedicated and sincere folk of academia, industry and elsewhere who have sacrificed a lot of their structured leisure time and have painstakingly authored treatises on Science, Engineering, Mathematics, Art and Philosophy covering all the developments from time immemorial until then, in their supreme works. It is standing on such treasure of foundation of knowledge, aided with an iota of personal god-gifted creativity that the author bases his foray of wild excursions into the understanding of natural phenomenon and forms new premises and scientifically surmises plausible laws. The author strongly reiterates his sense of gratitude and infinite indebtedness to all such 'Philosophical Statesmen' that are evergreen personal librarians of Science, Art, Mathematics and Philosophy.

NOTICE OF IMPORTANCE
