NOTICE OF IMPORTANCE

The author reiterates that the following research manuscript is authored solely by the author **Ramesh Chandra Bagadi**, i.e., the Sole Consciousness of himself in Primaryness and all else in appropriate Polynaryness called for by the Causality Flow of Time considered in Universality. One can note that All Causal Constructs (either in Evolved Or Devolved Forms of the research concepts stated by the author herein) of this author's Original ResearchWork shall only be considered by the author in Secondaryness Or/ And Polynaryness, only following the author as the necessary and socially advantageous and useful Retinue. The aforementioned Causal Constructs imply to the case of Time Tense Flow in either Directions, i.e., Present to the Past and also Past (Or/ And Present) to the Future.

True Life Value of A Given Aspect Primality of Concern

One can ascribe a Reference True Value of Life = 1.0
for a given Aspect Primality of concern if in a given
Unit Time, it undergoes one step of Evolution down
the Evolution Gradient Pressure (at the Space-Time Location
of concern wherein this Aspect Primality is permeating) due
to the Recursional Field Intensity Gradient Function set
up by the Star, Galaxy, Universe or the Institutional Inter-
stitial Galactic Space of concern at the Space-Time Location
of concern. Then, the Change of (author's concept of) Norm
of concern, computed before & after one step Full Evolution, & the
change computed can be called as a Quantity D. However,
if any Aspect Primality of concern only evolves Partially
in this Unit Time, the change in Norm acquired in this
Partial Evolution (of a one Full step Evolution) can be computed
and can be called as the Quantity N. Then True Life
Value of this Aspect Primality of concern can be
given as the Value $\frac{N}{D}$. Then the 'Time Redundancy'
Value is given by the ^D Reciprocal of the 'True Life Value'.
That is, $\frac{D}{N}$.

temperament and the social and personal outlook of the author that has resulted in the conception, preparation and authoring of this research manuscript document.

Tribute

The author pays his sincere tribute to all those dedicated and sincere folk of academia, industry and elsewhere who have sacrificed a lot of their structured leisure time and have painstakingly authored treatises on Science, Engineering, Mathematics, Art and Philosophy covering all the developments from time immemorial until then, in their supreme works. It is standing on such treasure of foundation of knowledge, aided with an iota of personal god-gifted creativity that the author bases his foray of wild excursions into the understanding of natural phenomenon and forms new premises and scientifically surmises plausible laws. The author strongly reiterates his sense of gratitude and infinite indebtedness to all such 'Philosophical Statesmen' that are evergreen personal librarians of Science, Art, Mathematics and Philosophy.
