

Cover letter

This particle that take my last name was discovered in the lab by using electronic instrumentation with various electronic components,Applying a physical formula I invented corresponds to a new form of particles.

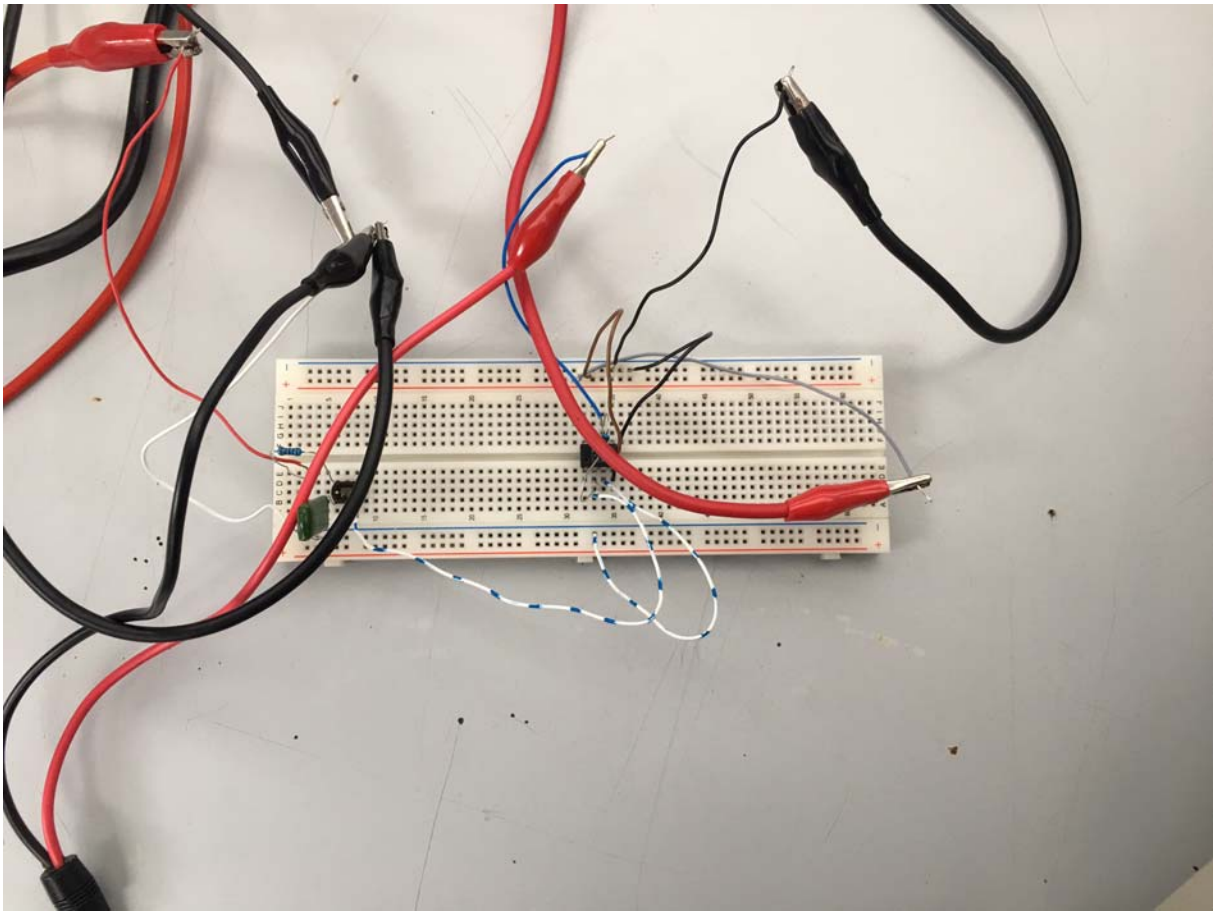

The electronic instrumentation i have use

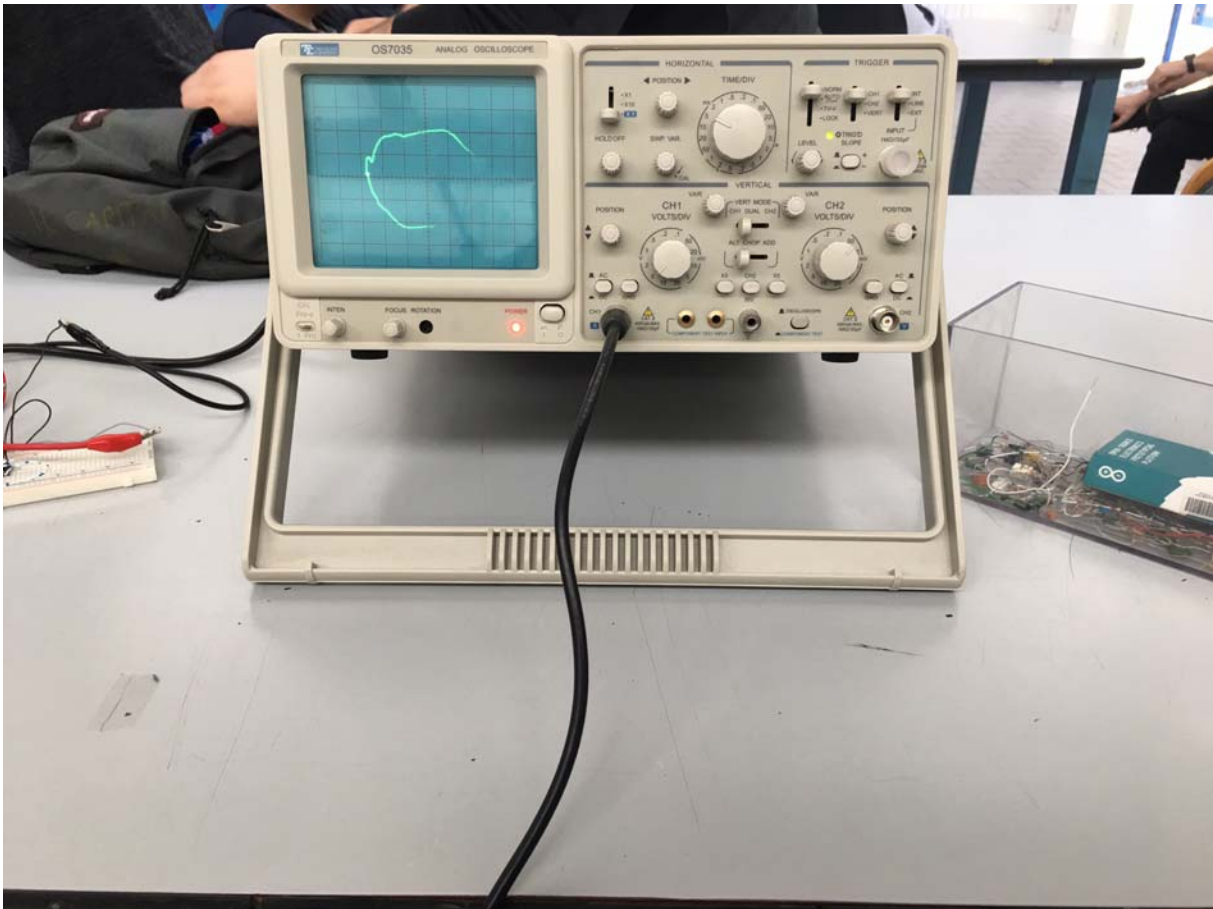

Oscilloscope, amplificator operational (LM741),capacitor 100nf, 2 resistor 1kohm and sensor photomultipler → rilevator of particle and photodiode

these are the photos

Luca Nascimbene

itu

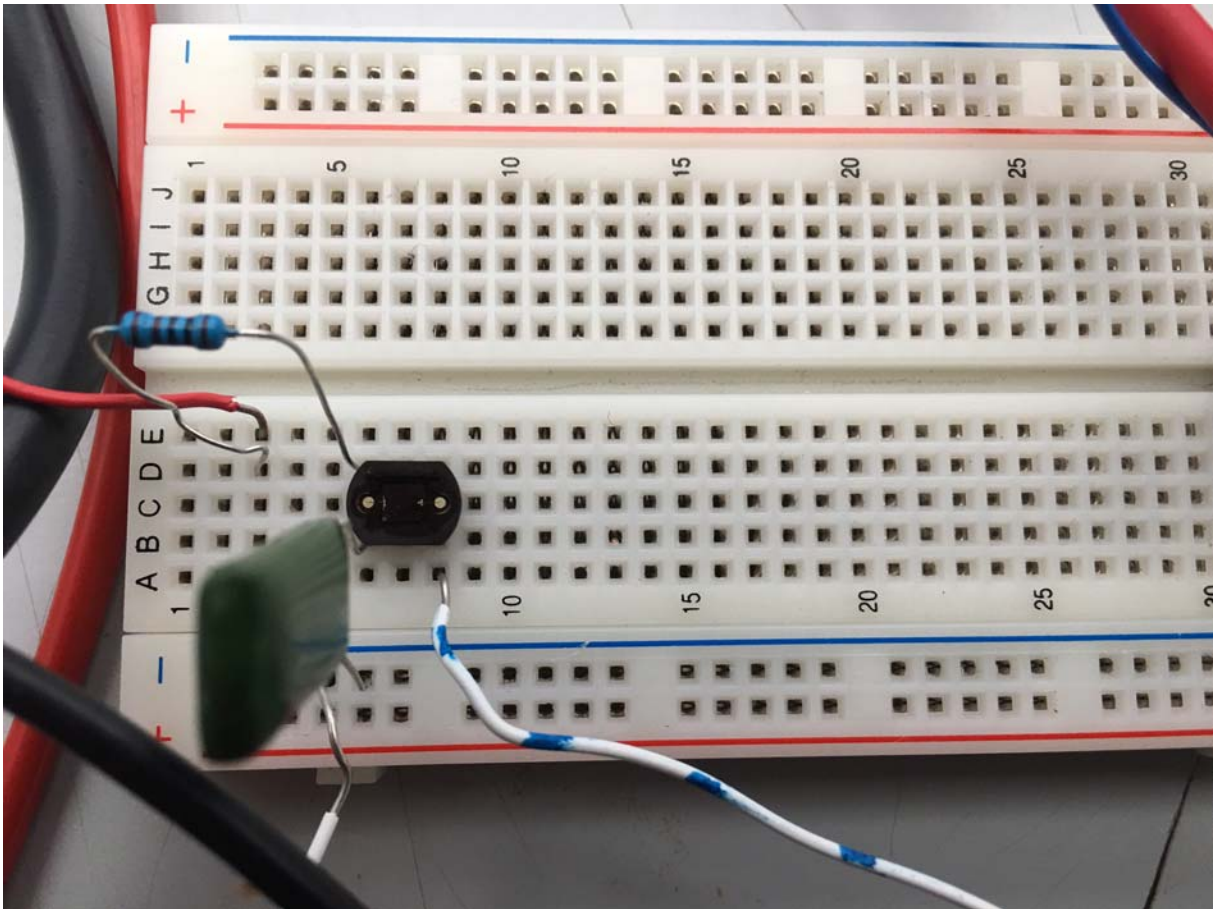

Time/Dir

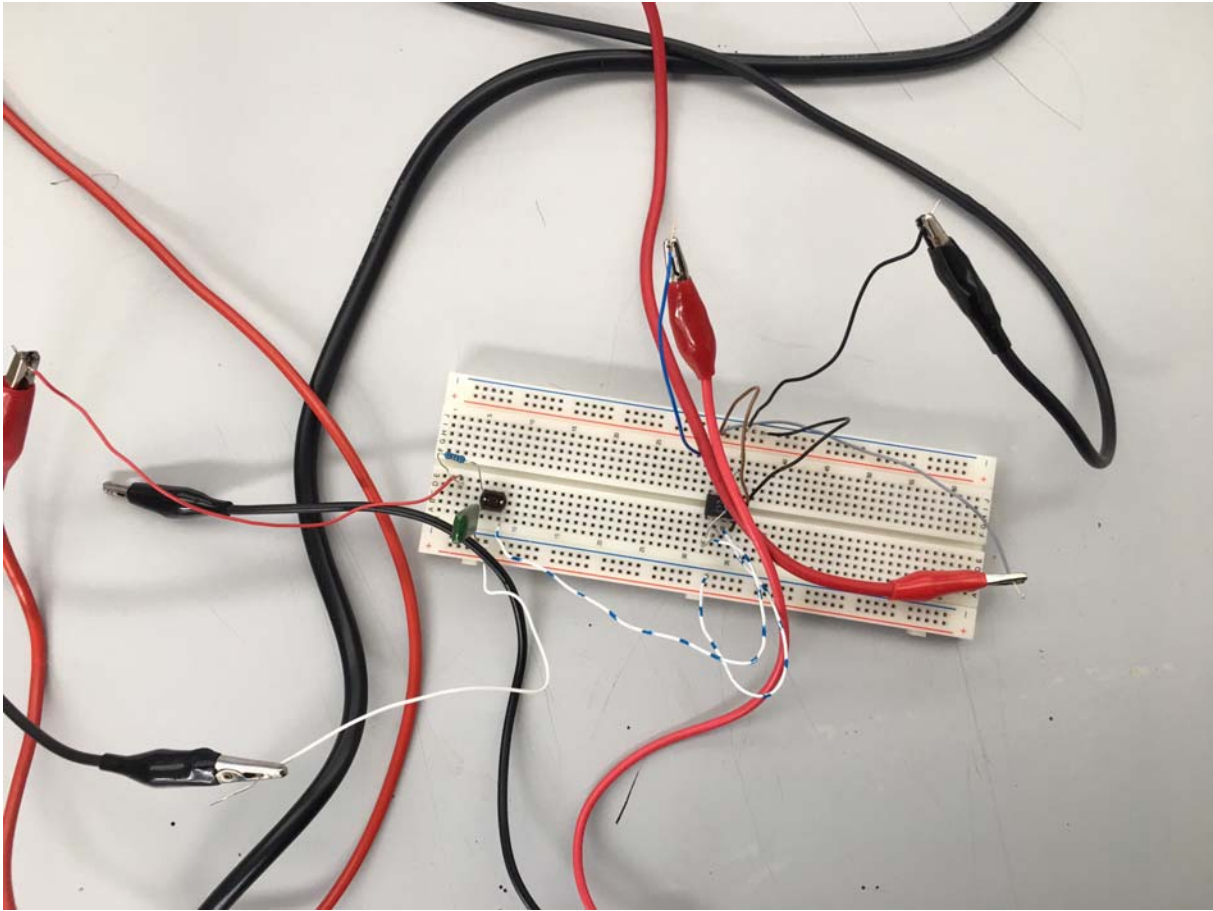

$$\left(\frac{\sigma_1 + \sigma_2}{T} \right) = C$$

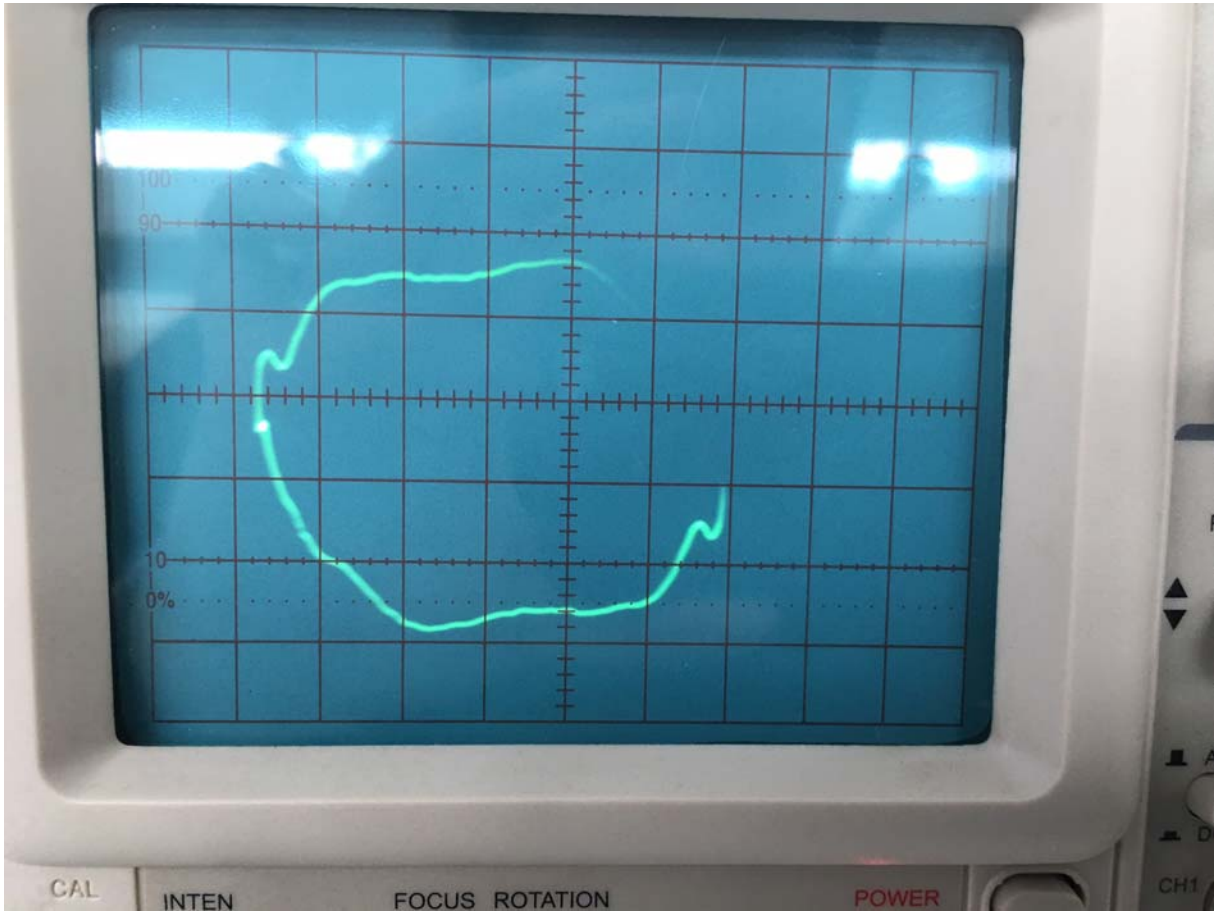

Juca Nasimboni

$N \rightarrow$

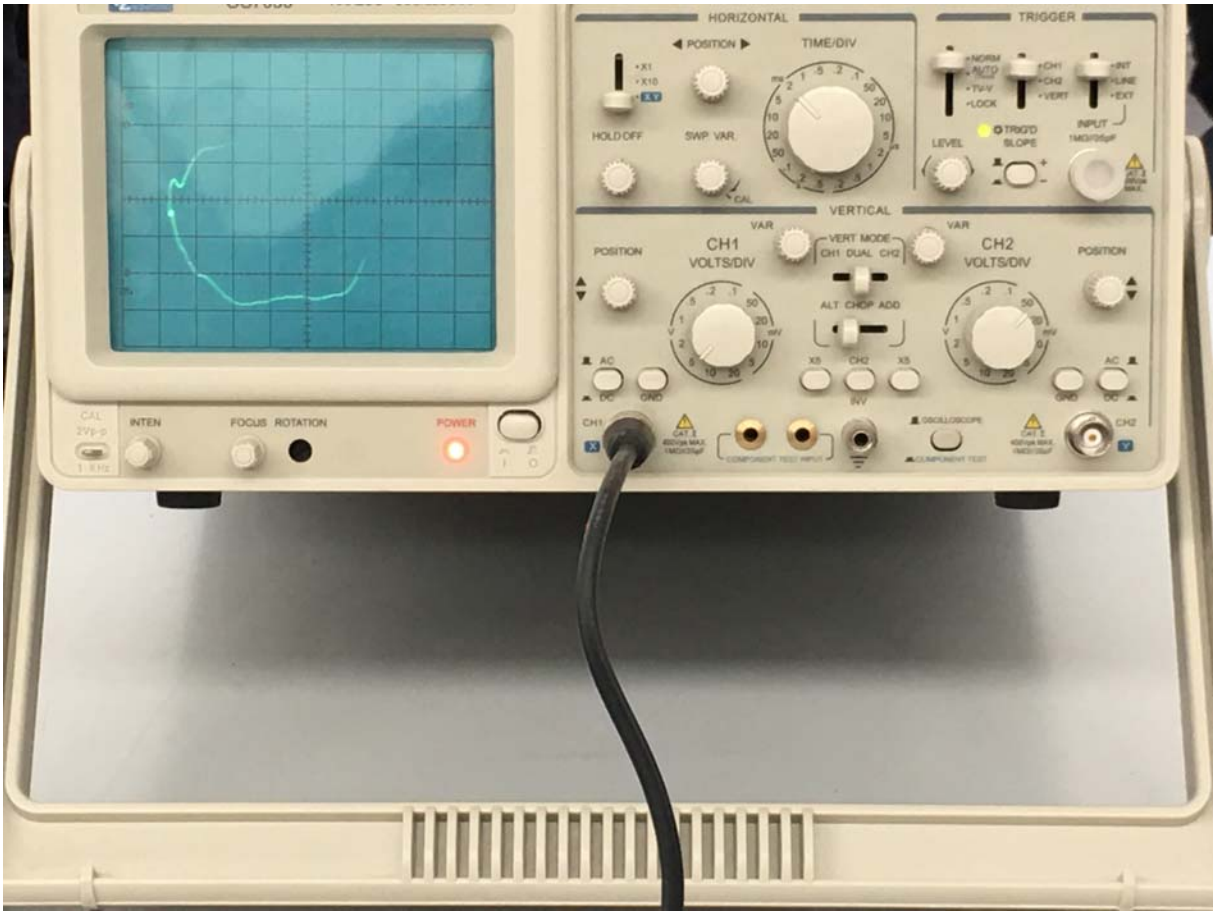

$$\frac{1-0}{3-0} = \frac{x-x_1}{x_2-x_1}$$

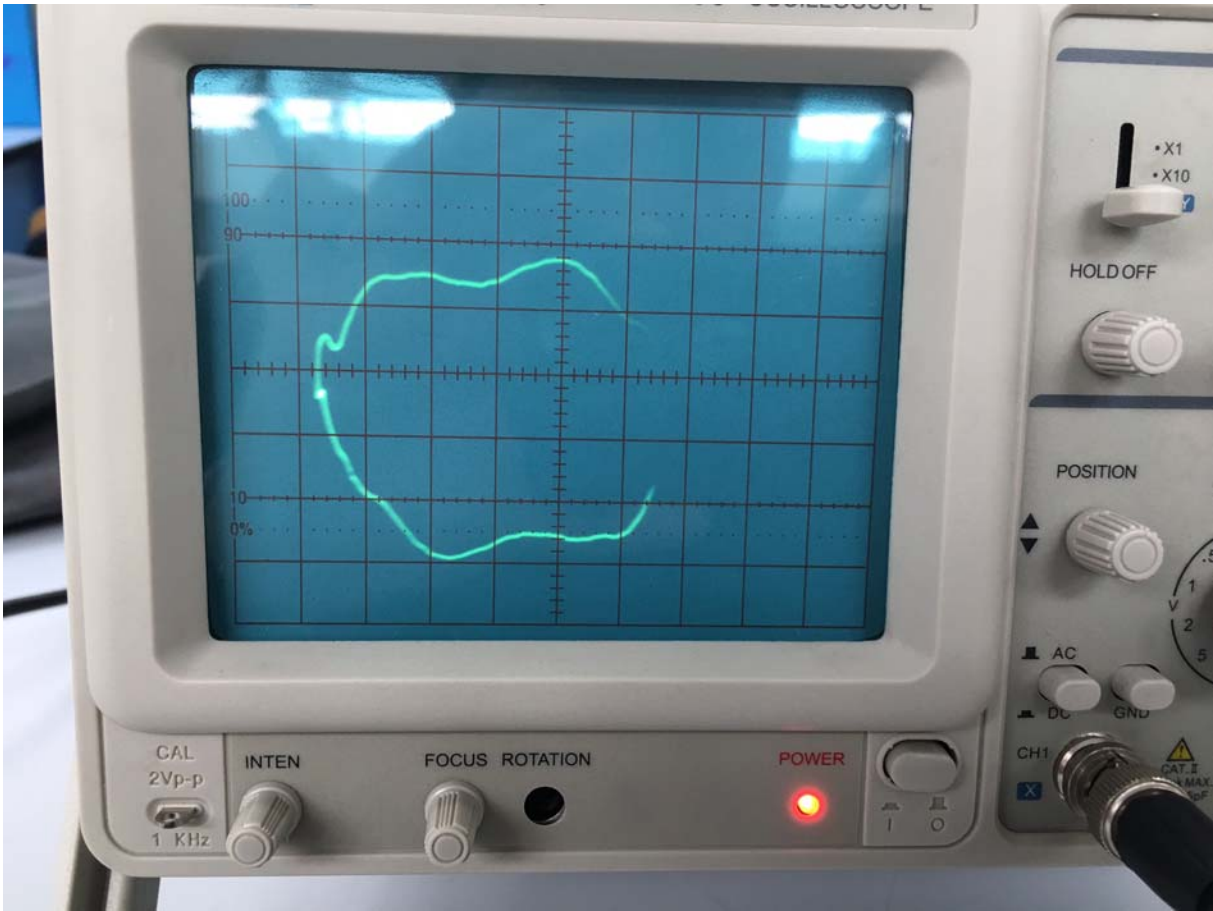

is a cut the image because the my photo cellular mobile

the image-figure in the oscilloscope is complete.
